

PRIMEGRIP

SEAM ROLLERS
2020 PRODUCT GUIDE

SEAM ROLLERS

Primegrip offers an extensive line of silicone and steel rollers for the application of single ply roof membranes and flooring.

SILICONE ROLLERS

Lightweight and heat-resistant rollers with strong birch wood handles.

STEEL ROLLERS

Higher durability rollers with ability to apply more pressure for heavy duty applications.

THREADED ROLLERS

These models offer the option of attaching a pole to switch between detail roller and stand-up roller to eliminate bending and apply more pressure.

ERGONOMIC ROLLERS

Resulting from extensive research and industry feedback, these unique designs increase productivity while minimizing the wrist fatigue commonly experienced while welding membrane seams.

SEAM PROBES

Seam probes help check adhesion of membrane seams.

PENNY ROLLERS

Penny rollers are ideal for sealing membranes near edges or tight corners.

STAND-UP ROLLERS

While most of our line is for detail work, these rollers allow you to smooth out membranes quickly over a wide area, and apply more pressure on seams to eliminate gaps.

72-000
1"×1" SINGLE FORK ROLLER

Single fork with high quality bearings.
1" diameter × 1" width.

72-001
1¼"×1¼" SINGLE FORK ROLLER

Single fork with high quality bearings.
1¼" diameter × 1¼" width.

72-002
2"×4" DOUBLE FORK ROLLER

Double fork with high quality bearings.
2" diameter × 4" width.

72-020
1"×1¼" SINGLE FORK ROLLER

Single fork with high quality bearings.
1" diameter × 1¼" width.

72-022
1¾"×1¼" SINGLE FORK ROLLER

Single fork with high quality bearings.
1¾" diameter × 1¼" width.

72-026
1"×1¼" DOUBLE HEAD ROLLER

Dual head, enclosed bearings.
1" diameter × 1¼" width each.

72-028**3½"×1¼" DOUBLE FORK ROLLER**

Double fork with high quality bearings.
3½" diameter × 1¼" width.

72-030**2-IN-1 SILICONE/PENNY ROLLER**

Single fork with enclosed bearings.
1½"×1¾" silicone roller, 1⅝"×⅓" brass penny roller for detail work.

STEEL ROLLERS**72-032****2"×2" SINGLE FORK ROLLER**

Single fork with double brass bearings.
2" diameter × 2" width.

72-033**2"×2" DOUBLE FORK ROLLER**

Double fork with double brass bearings.
2" diameter × 2" width.

72-034**2"×2" RADIUS EDGE ROLLER**

Single fork with high quality bearings.
2" diameter × 2" width.

72-035**2"×4" DOUBLE FORK ROLLER**

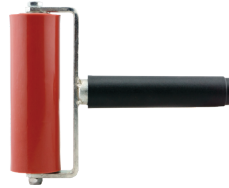

Double fork with double brass bearings.
2" diameter × 4" width.

72-045
2"×4" THREADED SILICONE ROLLER

2" diameter × 4" width.
 Cushion grip.
 Double bearing.

72-046
2"×6" THREADED SILICONE ROLLER

2" diameter × 6" width.
 Cushion grip.
 Double bearing.

72-047
2"×4" THREADED STEEL ROLLER

2" diameter × 4" width.
 Cushion grip.
 Double bearing.

72-048
2"×6" THREADED STEEL ROLLER

2" diameter × 6" width.
 Cushion grip.
 Double bearing.

72-036
ERGONOMIC SILICONE ROLLER

L-shaped offset fork reduces wrist fatigue.
 1½"×1¾" silicone roller.

72-049
STEEL CAMEL ROLLER

Different width front and rear wheels.
 Unique ergonomic handle.
 Ideal for PVC membranes and vinyl flooring.

SEAM PROBES

72-010
SEAM PROBE

Heat-treated high carbon steel angled blade with rounded corners.

72-013
FOLDABLE SEAM PROBE

Zinc plated, hardened steel hook. Finger grips and non-rollaway shape. Belt clip for easy carrying.

72-031
2-IN-1 SILICONE ROLLER/SEAM PROBE

1½"×1¾" single fork silicone roller with enclosed bearings. Stainless seam probe.

PENNY ROLLERS

72-007
V-TYPE NYLON ROLLER

2" diameter × 7/16" width. Roller hubs taper to a 5/64" rounded edge. Double forks.

72-029
¼" BRASS PENNY ROLLER

30mm diameter × ¼" width. Nickel-plated mounting, convex brass roller. Ideal for edges or tight corners.

19-012
16 LB HEAVY DUTY ROLLER

Independently turning rollers for sharp turns and irregular surfaces.
Collapsible steel tubing handle for storage.

19-013
35 LB HEAVY DUTY ROLLER

Independently turning rollers for sharp turns and irregular surfaces.
Collapsible steel tubing handle for storage.

19-014
75 LB HEAVY DUTY ROLLER

Independently turning rollers for sharp turns and irregular surfaces.
Collapsible steel tubing handle for storage.

19-015
100 LB HEAVY DUTY ROLLER

Independently turning rollers for sharp turns and irregular surfaces.
Collapsible steel tubing handle for storage.

19-020
EXTENDABLE ROLLER

7½" segmented rollers for uniform pressure.
Handle adjusts 17" - 27".
Dual grip for easy maneuvering.
