

PRIMEGRIP

**METAL
CUTTING**
PRODUCT GUIDE 2023

METAL MADE EASY

Metal cutting tools are an essential part of the roofing and siding industry. Whether you cut steel, aluminum, copper or brass, you need high-quality tools that can deliver precise and consistent results. Primegrip offers a wide range of metal cutting tools that are designed to meet your specific needs and applications. Our products are made from durable and wear-resistant materials, featuring advanced coatings and geometries that optimize performance and extend tool life.

36-317 STRAIGHT CUT AVIATION SNIPS

INNER QTY: 6 | MASTER QTY: 48

Ideal snips for cutting light stock.

- Cuts straight, left and right curves in 18 gauge cold-rolled steel and 22 gauge stainless steel.
- Chrome-molybdenum alloy steel forged blades with serrated edges for strength and durability.
- Comfortable handle with non-slip design and easy-to-identify standardized yellow colour.
- Spring-free automatic latch design.
- Meets ANSI standards.

36-318 LEFT CUT AVIATION SNIPS

INNER QTY: 6 | MASTER QTY: 48

Ideal snips for cutting light stock.

- Cuts straight and left curves in 18 gauge cold-rolled steel and 22 gauge stainless steel.
- Chrome-molybdenum alloy steel forged blades with serrated edges for strength and durability.
- Comfortable handle with non-slip design and easy-to-identify standardized red colour.
- Spring-free automatic latch design.
- Meets ANSI standards.

36-319 RIGHT CUT AVIATION SNIPS

INNER QTY: 6 | MASTER QTY: 48

Ideal snips for cutting light stock.

- Cuts straight and right curves in 18 gauge cold-rolled steel and 22 gauge stainless steel.
- Chrome-molybdenum alloy steel forged blades with serrated edges for strength and durability.
- Comfortable handle with non-slip design and easy-to-identify standardized green colour.
- Spring-free automatic latch design.
- Meets ANSI standards.

36-328

OFFSET STRAIGHT AVIATION SNIPS

Ideal snips for cutting light stock with offset jaws to keep hands up and away from sharp metal edges.

- Cuts straight, left and right in light stock.
- Manufactured from high-quality steel.
- Rubber comfort grip handles and safety latch for exceptional convenience, command and control.
- Non-slip serrated jaws for efficient cutting.
- Spring action for fast, effortless feed.
- Standardized yellow handle colour.

INNER QTY: 6 | MASTER QTY: 48

36-327

OFFSET LEFT AVIATION SNIPS

Ideal snips for cutting light stock with offset jaws to keep hands up and away from sharp metal edges.

- Cuts straight and left curves in 18 gauge cold-rolled steel and 22 gauge stainless steel.
- Chrome-molybdenum alloy steel forged blades with serrated edges for strength and durability.
- Offset blades provide increased reach in tight situations.
- Comfortable non-slip handles.
- Spring-free automatic latch design.

INNER QTY: 6 | MASTER QTY: 48

36-329

OFFSET RIGHT AVIATION SNIPS

Ideal snips for cutting light stock with offset jaws to keep hands up and away from sharp metal edges.

- Cuts straight and right curves in 18 gauge cold-rolled steel and 22 gauge stainless steel.
- Chrome-molybdenum alloy steel forged blades with serrated edges for strength and durability.
- Offset blades provide increased reach in tight situations.
- Comfortable non-slip handles.
- Spring-free automatic latch design.

INNER QTY: 6 | MASTER QTY: 48

36-323

OFFSET LONG CUT LEFT AVIATION SNIPS

Offset snips with 3" blades ideal for long cuts.

- Cuts straight and left curves in 20 gauge cold-rolled steel and 24 gauge stainless steel.
- Chrome-molybdenum alloy steel forged blades with serrated edges for strength and durability.
- Offset blades keep hands safely away from material.
- Comfortable non-slip handles.
- Spring-free automatic latch design.

INNER QTY: 6 | MASTER QTY: 36

36-324

OFFSET LONG CUT RIGHT AVIATION SNIPS

Offset snips with 3" blades ideal for long cuts.

- Cuts straight and right curves in 20 gauge cold-rolled steel and 24 gauge stainless steel.
- Chrome-molybdenum alloy steel forged blades with serrated edges for strength and durability.
- Offset blades keep hands safely away from material.
- Comfortable non-slip handles.
- Spring-free automatic latch design.

INNER QTY: 6 | MASTER QTY: 36

36-325

VERTICAL OFFSET LEFT AVIATION SNIPS

Ideal for increased reach in overhead projects, tight spaces or ground level cutting.

- Cuts straight and left curves in 24 gauge cold-rolled steel and 28 gauge stainless steel.
- Chrome-molybdenum alloy steel forged blades with serrated edges for strength and durability.
- Offset blades keep hands safely away from material.
- Comfortable non-slip handles.
- Spring-free automatic latch design.

INNER QTY: 6 | MASTER QTY: 36

36-326

VERTICAL OFFSET RIGHT AVIATION SNIPS

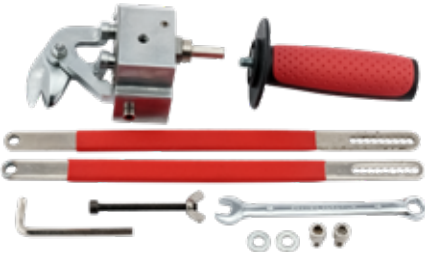

INNER QTY: 6 | MASTER QTY: 36

Ideal for increased reach in overhead projects, tight spaces or ground level cutting.

- Cuts straight and right curves in 24 gauge cold-rolled steel and 28 gauge stainless steel.
- Chrome-molybdenum alloy steel forged blades with serrated edges for strength and durability.
- Offset blades keep hands safely away from material.
- Comfortable non-slip handles.
- Spring-free automatic latch design.

36-320

DRILL-OPERATED AVIATION SNIPS

MASTER QTY: 12

Converts a power drill into aviation snips. Has applications in metal roofing, building panels, metal duct work and sheet metal. Comes as a complete kit.

- Aviation snip attachment
- 1 nut, 3 screws, 2 drill clamps.
- 1 soft-grip handle.
- 5 mm hex key wrench, 10 mm combination wrench.

36-352

8" TINSNIPS

INNER QTY: 6 | MASTER QTY: 24

Ideal for cutting low carbon cold-rolled steel. Cuts straight and wide curves when trimming light gauge stock.

- Flat inside edge face guides tool along a straight line.
- Cushion grip for comfort.
- Hand-edged hot drop-forged steel blades.
- Long lasting and rust-resistant.

36-353
10" TINSNIPS

Ideal for cutting low carbon cold-rolled steel. Cuts straight and wide curves when trimming light gauge stock.

- Flat inside edge face guides tool along a straight line.
- Cushion grip for comfort.
- Hand-edged hot drop-forged steel blades.
- Long lasting and rust-resistant.

INNER QTY: 5 | MASTER QTY: 30

36-354
12" TINSNIPS

Ideal for cutting low carbon cold-rolled steel. Cuts straight and wide curves when trimming light gauge stock.

- Flat inside edge face guides tool along a straight line.
- Cushion grip for comfort.
- Hand-edged hot drop-forged steel blades.
- Long lasting and rust-resistant.

INNER QTY: 6 | MASTER QTY: 24

36-373
12" ALUMINUM COMPOUND SCISSORS

Ideal for vinyl siding and can be used to cut sheet metal, roofing materials, carpet, plastic and canvas.

- Cuts straight, right and left curves in up to 22 gauge cold-rolled steel.
- 3" cutting length for fast shear.
- Protruding blade allows tight and precise cuts.
- Multiple handle openings to accommodate different hand sizes.

INNER QTY: 4 | MASTER QTY: 24

36-374

12" ALUMINUM SCISSORS

Ideal for vinyl siding and can be used to cut sheet metal, roofing materials, carpet, plastic and canvas.

- Cuts straight, right and left curves in up to 22 gauge cold-rolled steel.
- 3" cutting length for fast shear.
- Multiple handle openings to accommodate different hand sizes.
- Rugged and lightweight aluminum design.

INNER QTY: 3 | MASTER QTY: 30

36-375

14" ALUMINUM SCISSORS

Ideal for vinyl siding and can be used to cut sheet metal, roofing materials, carpet, plastic and canvas.

- Cuts straight, right and left curves in up to 22 gauge cold-rolled steel.
- 3" cutting length for fast shear.
- Multiple handle openings to accommodate different hand sizes.
- Rugged and lightweight aluminum design.

INNER QTY: 4 | MASTER QTY: 24

36-480

8" MULTI-PURPOSE SHEARS

Ideal for cutting sheet metal, plastic, leather, waterproofing material, etc.

- Stainless steel serrated blade.
- Spring loaded feed action.
- Safety latch to keep shears closed when not in use.
- Lightweight and durable anti-slip handles for a comfortable grip.

INNER QTY: 6 | MASTER QTY: 36

36-481
8" MULTI-FUNCTION SCISSORS

Ideal for cutting sheet metal, plastic, leather, waterproofing material, etc.

- Stainless steel serrated blade.
- Extra wide grips for comfort.
- Includes box cutter, wire cutter, nut cracker and jar opener, and a plastic holster.
- Includes a plastic blade sheathe.

INNER QTY: 6 | MASTER QTY: 36

36-482
10" MULTI-PURPOSE OFFSET SHEARS

Ideal for cutting sheet metal, plastic, leather, waterproofing material, etc.

- Stainless steel serrated blade.
- Spring loaded feed action.
- Ergonomic offset handle to keep hands safe while cutting.
- Adjustable range blade with additional safety lock functionality.
